PROFESSIONAL SUMMARY

Computer Science and Engineering graduate from UEM Kolkata with a strong foundation in Java, Object-Oriented Programming, Data Structures & Algorithms, SQL, MySQL, and JDBC. Experienced in developing database-driven applications through academic and personal projects, with practical exposure to Spring Boot and web application development. Familiar with HTML, CSS, JavaScript, Git, and GitHub, with project exposure to AI-based resume analysis and NLP concepts. Aspiring Java Developer seeking an entry-level opportunity to apply programming and problem-solving skills while building practical software development experience.

CORE COMPETENCIES

- Object-Oriented Programming (OOP)
- Data Structures & Algorithms
- Database Management & SQL
- Problem Solving
- Debugging & Troubleshooting
- Java Application Development
- Database-Driven Application Development
- Software Development & Testing

TECHNICAL SKILLS

Programming Languages:	Java, C, SQL
Java Technologies:	Core Java, OOP, Collections, Exception Handling, JDBC, Spring Boot
Web Technologies:	HTML, CSS, JavaScript
Databases:	MySQL
Development Concepts:	Data Structures & Algorithms, DBMS, Authentication & Authorization
Developer Tools:	Git, GitHub, VS Code
AI/NLP:	Basic NLP, AI-based Resume Analysis
AI Tools:	ChatGPT, Google Gemini, Claude

PROJECTS

STUDENT MANAGEMENT SYSTEM | Dec 2025

Spring Boot | Java | MySQL | REST APIs | JDBC | JWT | HTML | CSS | JavaScript

- Developed a web-based student management application with separate Admin and Student workflows.
- Implemented a student registration and approval process, allowing students to submit registration requests for admin verification.
- Developed an Admin dashboard to manage student information, review registration requests, approve/reject students, and create additional admin accounts.
- Implemented user profile management, allowing users to update their username and password.
- Integrated MySQL for storing and managing user and student information.

AI-BASED ATS RESUME ANALYSIS SYSTEM | Academic Group Project

Python | NLP | AI | Resume Analysis | Google Gemini API

- Contributed to the development of an AI-based system that analyzes resumes against job descriptions to evaluate skill relevance and job compatibility.
- Worked on resume and job-description processing workflows to identify relevant skills and generate structured analysis.
- Contributed to prompt design and AI-based analysis for extracting and comparing candidate skills with job requirements.
- Participated in application testing, output evaluation, requirement analysis, and project documentation as part of a four-member team.

TIC-TAC-TOE GAME | Aug 2023

HTML | CSS | JavaScript

- Developed a browser-based Tic-Tac-Toe game using HTML, CSS, and JavaScript.
- Implemented turn-based game logic to manage player moves and game state.
- Built win-detection logic for row, column, and diagonal combinations.
- Implemented draw detection and an interactive user interface.

EDUCATION

BACHELOR OF TECHNOLOGY (B.TECH) — COMPUTER SCIENCE & ENGINEERING | 2022 – 2026

University of Engineering & Management, Kolkata

CGPA: **7.94 / 10**

CLASS XII — WB COUNCIL OF HIGHER SECONDARY EDUCATION | 2022

Percentage: **95.2%**

CLASS X — WB BOARD OF SECONDARY EDUCATION | 2020

Percentage: **81.57%**

CERTIFICATIONS

- Introduction to Software Engineering — IBM, Coursera
- Introduction to Java — LearnQuest, Coursera
- Data Analytics Professional Certificate — Google
- Critical Thinking for More Effective Communication — LinkedIn Learning

LANGUAGES

English • Bengali • Hindi
